

**AMS Annual White Mountain Foray
Species List, August 20-22, 2021**

*Taxa in **bold** have been previously sequenced. A "**cf**" notation means the species is not the same as the named taxon, but is closely related genetically.

Agaricus campestris

Agaricus didymus

Albatrellus sp.--small, flesh dries yellow

Albatrellopsis confluens

Alloclavaria purpurea

Amanita sp.--pure white cap, no p.v., no bulb, large white volval sack

Amanita sp. AZ13

Amanita barrowsii nom. prov.

Amanita chiricahuana nom. prov.

Amanita cochiseana nom. prov.

Amanita cruentilemurum nom. prov.

Amanita cf. fulva

Amanita magniverrucata

Amanita muscaria subsp. flavivolvata

Amanita stannea nom. prov.

Amanita tlaxcalipanthera nom. prov.

Armillaria solidipes

Artomyces pyxidatus

Auricularia americana

Auriscalpium cf. vulgare

Boletus barrowsii

Boletus rubriceps

Bjerkandera adusta

Calvatia booniana

Cantharellus roseocanus

Cantharocybe gruberi

Catathelasma sp.--white capped, undescribed

Catathelasma singeri--brown capped, small

Chalciporus piperatus

Clavaria fragilis group

Clavariadelphus lignicola

Clavariadelphus cf. truncatus

Clavulina sp.--white.

Clavulinopsis sp.--orange

Climacocystis borealis

Clitocybe sp.--small, white

Clitocybe sp. --bluish cap, bleach odor

**AMS Annual White Mountain Foray
Species List, August 20-22, 2021**

Clitocybe odora

Clitopilus cf. prunulus

Collybia cookeri

Coltricia sp.

Connopus acervatus

Coprinellus micaceus

Coprinopsis cf. atramentaria

Coprinopsis nivea

Coprinus comatus

Cortinarius sp.--umbonate red cap, gills (yellow edge) and stem

Cortinarius sp.--purple cap, gills, stem and cortina

Cortinarius sp.--umbonate red brown cap, yellowish gills, moss

Cortinarius sp.--small, brown cap, white cortina, white stem

Cortinarius sp.--red brown cap with wavy margin, red brown cap and flesh, white stem

Cortinarius cinnamomeoluteus

Cortinarius cf. delibutus

Cortinarius lucorum

Cortinarius rufulus

Cortinarius trivalis

Cortinarius uliginosus

Cortinarius vernus

Crepidotus mollis

Cuphophyllus pratensis

Cyptotrama chrysopepla

Cystodermella cinnabarina

Dacrymyces dictyosporus

Dacrymyces cf. minutus

Deconica cf. coprophila

Echinoderma cf. asperum

Elaphomyces sp.--brown with black gleba

Entoloma whiteae

Flammulina populicola

Floccularia cf. luteovirens

Fomitopsis schrenkii

Ganoderma applanatum

Ganoderma tsugae

Geoglossum sp.

Geopyxis carbonaria

Gliophorus psittacinus

Gloeophyllum sepiarium

Gomphidius smithii

**AMS Annual White Mountain Foray
Species List, August 20-22, 2021**

Gomphidius subroseus
Gymnopilus sp.--small, smooth orange cap, orange gills
Gymnopilus sp.--scaly cap, orange gills
Gymnopus sp.
Gymnopus dryophilus
Gyromitra cf. infula
Hebeloma sp.
Hebeloma sp. small, veiled
Hebeloma albomarginatum
Hebeloma velutipes
Heterobasidion annosum
Helvella cf. vespertina
Helvella sp.- brown lobed cap, purple stipe
Helvella compressa
Hericium coralloides
Hericium cf. erinaceus
Homophron cf. spadiceum
Hydnellum cf. suaveolens
Hydnum subrufescens group
Hygrocybe sp.
Hygrocybe cf. conica
Hygrophoropsis cf. aurantiaca
Hygrophorus agathosmus
Hygrophorus cf. chrysodon
Hygrophorus neoerubescens
Hygrophorus persicolor
Hygrophorus siccipes
Hypomyces sp.--on Russula sp.
Hypomyces chrysospermus--on Xerocomus cf. ferrugineus
Hypomyces lactifluorum
Hysterangiales sp.--which with grey gleba
Hysterangium sp.
Infundibulicybe sp.--small, tan cap with white stipe
Infundibulicybe gibba
Infundibulicybe squamulosa
Inocybe sp.--small, brown
Inocybe cf. geophylla
Laccaria laccata group
Laccaria nobilis
Lactarius sp.--small, red mild taste
Lactarius controversus

**AMS Annual White Mountain Foray
Species List, August 20-22, 2021**

Lactarius cf. deterrimus
Lactarius luculentus var. laetus
Lactarius rubrilacteus
Leccinum sp.--mixed conifers and aspen
Leccinum sp.--conifers only
Lentinellus ursinus
Lepiota clypeolaria
Lepiota cristata
Leucopaxillus cf. paradoxus
Leucopaxillus gentianeus
Leucopaxillus giganteus
Limacella sp-L-CO01
Lycoperdon sp.--smooth white cap
Lycoperdon perlatum
Lycoperdon pyriforme
Lycoperdon rimulatum
Lyophyllum fumosum
Lyophyllum infumatum
Lyophyllum shemiji
Megacollybia fallax
Mycena cf. pura
Onnia tomentosa
Panaeolus papilionaceus
Panaeolus semiovatus
Paxillus obscurisporus
Peziza sp.
Phaeolus cf. schweinitzii
Phellinus tremulae
Phellodon violascens
Pholiota sp.--on soil, yellow cap, gills and flesh
Pholiota cf. adiposa
Pholiota lenta
Pholiota rufodisca
Pholiota spumosa
Pholiota squarrosa
Phyllotopsis nidulans
Pleurotus populinus
Pleurotus pulmonarius
Pluteus sp.
Pluteus brunneidiscus
Pluteus cervinus group

**AMS Annual White Mountain Foray
Species List, August 20-22, 2021**

Polyporus arcularius

Polyporus leptcephalus

Polyporus melanopus

Porodaedalea cf. pini

Porphyrellus porphyrosporus

Protostropharia semiglobata

Psathyrella sp.

Pseudohydnum gelatinosum

Pseudosperma rimosum

Ramaria sp.--reddish brown, mild odor and taste

Ramaria sp.--white w pink tips, mild taste

Ramaria sp.--yellow, slight reddening of flesh, slowly acrid taste

Ramaria sp.--yellow brown, sweet taste

Russula sp.-- purple cap

Russula sp. --red cap and stem, yellow gills, slowly acrid taste

Russula sp-- rosy cap with yellow disc and gills, mild taste

Russula albonigra

Russula cf. atroglaucula--green cap, mild taste

Russula cf. brevipes

Russula cf. integra--rosy wine colored cap, ochre gills, white stipe, mild taste

Russula lutea group--yellow cap, gills and stipe

Russula subnigricans group

Russula cf. xerampalina--blood red cap, white gills and stipe, mild taste

Sarcodon calvatus

Sarcodon imbricatus

Sarcodon leucopus

Sparassis americana f. arizonica

Spathularia rufa

Suillus americanus

Suillus kaibabensis

Suillus lakei

Suillus occidentalis

Syzygospora sp.--on Connopus acervatus

Syzygospora mycetophila

Trametes hirsuta

Trametes versicolor

Trichaptum abietinum

Trichaptum subchartaceum

Tricholoma sp.--white, peach tinge to cap

Tricholoma cf. equestre

Tricholoma cf. intermedium

**AMS Annual White Mountain Foray
Species List, August 20-22, 2021**

Tricoloma mesoamericanum

Tricholoma cf. saponaceum

Tricholoma smithii

Tricholoma vaccinum

Tricholomopsis sulphureoides

Tricholomopsis rutilans

Turbinellus cf. floccosus

Xerocomellus diffractus

Xerocomus cf. ferrugineus

Xeromphalina enigmatica
